| 00:15.919 | Warn | Repository | Item 'Desktop_Automation_GotisRepository.Book7Excel.ButtonOK' could be found using its absolute path, but not using its relative path from the cached element of parent folder 'Desktop_Automation_GotisRepository.Book7Excel'. This can happen if either the item search timeout is too small or if items within a rooted folder do not share a common parent element. To fix this problem, first increase the item search timeout. If this does not help, create a separate rooted folder for this item or disable caching for the specified folder. |
